Objective

Passionate and oriented Computer Science student at KIIT University. Currently, I am in my third year and know C and Java. Aspiring to be a web developer with a strong foundation in HTML, CSS, JavaScript, Node.js, and MongoDB. I have learned full-stack web development and continue my learning, and have developed a scalable application and improved user experience.

Education

Kalinga Institute of Industrial Technology, B.Tech in Computer Science Engineering Sept 2022 – July 2026

- **Coursework:** Software Engineering, Machine Learning, Artificial Intelligence, Computer Architecture

Experience

Python Full Stack Virtual Intern Oct 2024 – Dec 2024

- 10 weeks of Virtual Python Full Stack Developer Internship, All India Council for Technical Education (AICTE) · Internship
- Skills: Python (Programming Language), Git, GitHub, HTML, Cascading Style Sheets (CSS)
- Completion certificate - [view-certificate.com](#)

Publications

Collaboration of Green Computing in E-Waste Management for Sustainable Society Jan 2025

Participation Certificate - [view-certificate.com](#)

Projects

Weather Application Today's Weather.com

- Developed a responsive weather application built with Next.js and Tailwind CSS, integrating real-time data from the OpenWeatherMap API. This app supports theme switching between dark and light modes.
- Tools Used: Next.js, Tailwind CSS, OpenWeatherMap APIs, Vercel for deployment
- GitHub link: [github.com/Zynetic-WeatherApp](#)

Car Rental System [github.com/Car-Rental-Sys](#)

- Develop a Web-based application to manage cars and register users. Featuring secure admin authentication, secure payment processing, user authentication, and booking management
- Tools Used: JavaScript, HTML, CSS, MongoDB, Node.js

Google Meet Clone Chatting-Meeting.com

- Chatting-Meeting is a Google Meet clone built for seamless video conferencing and real-time chat. It supports secure user authentication, video and audio streaming, and instant messaging, offering a collaborative environment ideal for virtual meetings, classes, or team discussions.
- Tools Used: Next.js, Tailwind CSS, Shadcn UI, react-toastify, ZEGOCLOUD, Google and GitHub OAuth, MongoDB
- GitHub link: [github.com/Chatting-Meeting](#)

Technologies

Languages: C, Java, SQL, JavaScript, PHP, HTML, CSS

Technologies: Next.js, Tailwind CSS, Flask Server, MongoDB, Git, GitHub
